LOC Number 42965 is hereby amended as follows:

Attachment A *Cost Information Form* is deleted and replaced with Attachment A-1 REVISED *Cost Information Form*

The following questions were submitted to ITS and are being presented as they were submitted, except to remove any reference to a specific vendor. This information should assist you in formulating your response.

Question 1: In reviewing the above referenced (attached) LOC it appears that in the pricing section it is missing one IBML scanner. Serial number 59352 should also be listed. Can you confirm that this scanner should be quoted as part of the response?

Response: DOR believes serial number 59352 should not be included, as it is currently covered. However, please see the attached Attachment A-1 Revised Cost Information Form. Vendors should use the revised Cost Information Form to provide pricing. A determination will be made prior to award as to whether or not the IBML scanner, serial number 59352 will be included in the award.

Question 2: Also the pricing page for IBML scanner serial number 11435 is grayed out for years 2018 and 2019 in the cost area. Is MS expecting a quote for this scanner for these two years?

Response: No, both Serial # 11435 and Serial # 13403 will reach end of life at the end of 2017.

LOC responses are due December 05, 2016, at 3:00 p.m. (Central Time).
